Ersner-Hershfield, H., **Mikels, J.A.**, Sullivan, S.J., & Carstensen, L.L. (2008). Poignancy: Mixed emotional experience in the face of meaningful endings. *Journal of Personality and Social Psychology, 94(1)*158-167.

Ritch Savin-Williams co-edited a special issue on sexual orientation for *Developmental Psychology* (January, 2008).

Savin-Williams, R.C. (2008). Then and now: Recruitment, definition, diversity, and positive attributes of same-sex populations. *Developmental Psychology*, 44(1).

Invited Talks

Vrangalova, S. & **Savin-Williams, R.C**. How straight are straight people exactly? Poster presented at the 50th Annual Meeting of the Society for Scientific Study of Sexuality, Indianapolis, IN.

HD Faculty Awards

Anthony Ong was invited to be an Associate Editor of the new international journal, *Applied Psychology: Health and Well-Being*, to be launched by Wiley-Blackwell in 2008.

Matthew Belmonte was quoted on MSNBC.com "Gene tinkering curbs autism symptoms in mice" regarding a study that found that a drug could restore brain function without side effects in mice.

A Nov. 5 Newsweek article on women who become single mothers by choice includes comments from an interview with **Henry Ricciuti**, based on his research on children growing up in single parent families. His studies concluded that if single mothers have the educational, economic, and social resources that support parenting and child care, their children are at no more at risk of poor school performance than children from comparable two-parent families.

Invited Talks

Koh, J.B.K., Shao, Y., & **Wang, Q**. (2007). Father, mother and me: Parental value orientations and childrens self-identity in Asian American immigrants. Poster presented at the conference, On New Shores: Understanding Immigrant Children in North America, Guelph, Ontario, Canada.

Anthony Ong gave an invited talk, entitled Why racial microaggressions hurt: Examining the dynamic linkages between stress chronicity, exposure, and proliferation at the 23rd Annual Meeting of the APA Minority and McKnight Fellows Program, Tampa, FL

Gary Evans organized with Ted Wachs, University of Purdue, the first Biennial Bronfenbrenner Conference on the ecology of human development. The conference theme was: Chaos and Children's Development. BLCC, Cornell University. **Gary Evans,** Dan Lichter, **John Eckenrode, Elaine Wethington**, and Lyscha Marcynyszyn presented papers at the conference. An edited volume will be forthcoming.

Gary Evans presented on USA patterning in health at the WHO Commission on Social Determinants of Health in New Orleans.

The following gave talks at the Annual meeting of the Gerontological Society of America, San Francisco.

Anthony Ong, "The everyday benefits of mindfulness: Why so much depends upon a red wheelbarrow".

Joseph Mikels, "Act with Your Heart: Affective Decision Strategies Improve Decision- Making Across the Life Span" and it was in the symposium entitled: "The influence of age-related changes in cognition and emotion on decision making."

Elain Wethington, Organizer and presider for "Science and Service in Gerontology: Evaluating the Implementation of Community-Based Participatory Research."

Elaine Wethington, M.Carrington Reid, and **Karl A. Pillemer.** Does Community-Based Participatory Research Result in Value-Added?

Reid, M. Carrington, **Elaine Wethington**, Christopher M. Murtaugh, Margaret V. McDonald, and Janice Foust. Implementing an Innovative Seminar Series on Community-Based Participatory Research (CBPR) for an Interdisciplinary Audience.

Elaine Wethington. Invited discussant for "Advantages of Daily Diary Approaches for Examining Variability in Stressful Experiences in Adulthood."

Elaine Wethington, Claire M. Kamp Dush, and Sarah M. Hertzog. Parental Ambivalence across the Life Course.

Myra Sabir, Josie Piper, Rita Carrington, Jeanne Teresi, **Karl Pillemer,** Charles Henderson: "Reminiscence, Coherence, and Physical Health: Approaching Chronic Illness in African-American Older Adults Through the Mind/Body Connection"

Myra Sabir, **Karl Pillemer**, Josie Piper, Rita Carrington, Jeanne Teresi, Charles Henderson: "Successful Recruitment and Retention of African-American Older Adults in a Randomized Controlled Health Intervention in Harlem"

HD Faculty Awards

Henry Ricciuti was cited in the Nov. 5, 2007 issue of *Newsweek* regarding his research on adverse effects of single parenthood on young teenagers.

Elaine Wethington has been appointed to the editorial board of the /Journal of Gerontology: Social Sciences.

Valerie Reyna chairs the task group on standards of evidence for the White-house commissioned National Mathematics Panel. A draft report was presented to U.S. Secretary of Education Margaret Spellings, who said she believed the groups report would help guide policies within the U.S. Department of Education and across other federal agencies that sponsor research, such as the National Science Foundation and the National Aeronautics and Space Administration. She also praised the high standards of evidence adopted by the Panel in its review of over 18,000 research reports.

Professional Activities

Ritch Savin-Williams attended and presented at the International Academy of Sex Research in Vancouver, Canada.

Steve Hamilton participated in the annual meeting of the European Society for Developmental Psychology in Jena, Germany.

Richard Depue gave an invited address on the biology of personality at the University of Paris.

The following individuals gave talks or posters at the Society for Applied Research in Memory and Cognition.

Sarah Kulkofsky, Zoe Klemfuss, Karyn Hartz, and **Stephen Ceci.**

Qi Wang, by herself, with Judith Katz, and with Stacey Doan and Charlotte Sweeney

HD Faculty Awards

Marianella Casasola was awarded a $155K grant by the National Science Foundation for her research project: Collaborative research: Language-specific input, cross-cultural differences and spatial cognition: A case of "support" relation.

Elaine Wethington has been appointed a Visiting Professor at Weill Cornell Medical College for the Spring, 2008 semester.

Anthony Ong has been awarded an R21 Grant from the National Institute of Aging (NIA) for his project Stress, Resilience, and Working Memory in Later Adulthood.

Elaine Wethingon has received funding from NIH for "Field-Deployable Tools to Measure Stress for Gene-Environment Interaction Studies" (subcontract from the University of Pittsburgh).

The laboratories of **Chuck Brainerd, Steve Ceci,** and **Valerie Reyna** were featured in a recent Newsweek article focusing on the discovery that in some common domains of experience, children are far less susceptible to false memories than adults and the overall accuracy of memory is worse in adults.
