The registrar's office does not update curriculum sheets after they are created. Because the HD major adds, and occasionally removes, classes from the course listings, sometimes new courses are not included on the curriculum sheets. The following update is intended to supplement the curriculum sheets so that students always have the most current information on which courses fulfill concentrations.

**Cognitive Development**
- HD 3110 Educational Psychology
- HD 3190 Memory and the Law
- HD 3330 Children and the Law
- HD 3340 Growth of the Mind
