Design and Environmental Analysis Option II: Facility Planning & Management

The requirements listed below pertain to all students matriculating in August 2012 and January 2013.

I. Distribution Requirements 37–39

A. Natural Sciences 6-8
   A.1. Natural Science lecture (lab not required)
   a. Score of 5 on AP Biology, AP Chemistry or AP Physics OR
   b. Must choose from the following list (must be taken at Cornell):
      BIOG 1105
      CHEM 1560 or CHEM 2070
      BIOG 1106
      CHEM 2080
      BIOG 1140*
      PHYS 1101 or PHYS 2207
      BIOMG 1350*
      or
      BIOG 1440*
      or
      BIOEE 1610*
      or
      PHYS 2208
      *one semester of BIOG 1500 Investigative Lab can also be taken but is not required
   A.2. Natural Science (lab not required, must be taken at Cornell, no AP credit)
      a. Choose a course from the above list in A.1. OR
      b. Choose from the Human Ecology Natural Science Approved Course list:
         http://www.human.cornell.edu/registrar/requirements-and-policies.cfm

B. Social Sciences 6
   I.B.1. Choose one of the following courses:
      HD 1150 Human Development: Infancy and Childhood OR
      HD 1170 Human Development: Adolescence and Emerging Adulthood OR
      PSYCH 1101 Introduction to Psychology
   I.B.2. Choose one of the following courses:
      ECON 1110 Introduction to Microeconomics
      ECON 1120 Introduction to Macroeconomics

C. Humanities 3
   Includes literature, history (including art and design history), philosophy, religion, and archaeology. Critical, historical, and theoretical studies of the arts and design are considered humanities. Languages and creative or performing arts such as the writing of fiction or poetry, painting, sculpting, designing, composing or performing music, acting, directing, and dance are not considered humanities.

D. Written Communications 6
   Must be First-Year Writing Seminars.
   MUST BE COMPLETED DURING FIRST 2 SEMESTERS

E. Quantitative and Analytical 4
   Statistics (must be taken at Cornell, AP Statistics is not accepted)
      PAM 2100 Introduction to Statistics OR
      AEM 2100 Introductory Statistics OR
      ILRST 2100 Introductory Statistics OR
      PSYCH 3500 Statistics and Research Design

F. Additional credits 12
   I.F.1. DEA 1500 Introduction to Human-Environment Relations (3)
   I.F.2. Choose one of the following courses (3):
      BEE 3299 Sustainable Development
      DEA 4220 Ecological Literacy and Sustainable Design
      NTRES 2010 Environmental Conservation
   I.F.3. Courses from any natural science, social science, humanities, language, or mathematics courses can be counted here for remaining 6 credits.

II. Requirements in the Major 57
   A. Must take the following:
      DEA 1101 Interior Design Studio I
      DEA 1110 Making a Difference: By Design
      DEA 2040 Introduction to Building Technology
      DEA 2150 Digital Graphics
      DEA 2410 Introduction to Computer Aided Design
      DEA 2550 Introduction to Facilities Planning and Management
      DEA 3030 Interior Materials & Sustainable Elements
      DEA 3250 Human Factors: Ergonomics-Anthropometrics
      DEA 3500 Human Factors: Ambient Environment
      DEA 3540 Facility Planning and Management Studio
      DEA 4100 Facility Planning & Design in a Diverse Society
      DEA 4530 Planning and Managing the Workplace
      DEA 4540 Computer Aided Facility Management
      DEA 4550 Research Methods in HER
      DEA 4590 Programming Methods in Design
      DEA 6250 Collaborative Sustainable Building Practice
      CEE 5900 Project Management
      HADM 2250 Finance
      HADM 2550 Hospitality Development and Planning
      HADM 4200 Principles of Real Estate
      HADM 3550 Hospitality Facilities Operations
III. Electives

Recommended Courses:
AEM 1200, 3240
ARCH 1301, 2601, 2602
CEE 5950
CRP 5320, 5330
DEA 2030, 2510, 3520, 4520, 4700, 6610, 6760
HADM 1150, 3210, 3510, 4230
NBA 3000, 5530, 5640, 6030
NCC 5500, 5540, 5560
PSYCH 2050, 2800

Category IV: Physical Education
Physical education does not count toward college and university minimum credit requirements for full-time status.

Total Credits (exclusive of PE) 120

College Requirements:

• **Students must complete a minimum of 9 HUMEC credits outside of DEA.** These credits are given for any Human Ecology course outside your major from Category I, II, or III. These can be taken S/U only if course is NOT used to fulfill a curriculum requirement.

• **Students must complete a minimum of 43 HUMEC credits.** Hum Ec credits are given in Category I (distribution), Category II (in your major) and Category III (electives).

• **Biology & Society (BSOC) courses do not count** as Human Ecology credit or towards the 9 HE credits outside the major.

• **Pass/Fail Courses [S/U]**
  - S/U grading option may NOT be used for any required course [i.e., distribution requirements in Category I or major courses in Category II] unless it is the only grade option offered for those courses.
  - S/Us MAY be used for the 9 credits of Human Ecology coursework outside of the major and for electives in Category III.
  - Students may apply no more than 12 credits of S/U towards graduation requirements. If a required course is only offered S/U, it will not count towards this limit. Students may take more S/Us if they choose, but the additional credit will not be applied towards graduation.
  - The deadline for changing grade options is 7 weeks after the start of classes, the same as the “drop” deadline.

• **Special Study Courses [4000, 4010, 4020, 4030]**
  - A total of 12 credits of special study coursework from Human Ecology or other colleges will count towards the 120 graduation credit requirement. [Additional credits can be taken but will not be applied.]
  - A maximum of three credits of 4000-4020 (not including 4030) may count towards the “credit outside the major” category as long as the special study is in a department outside the student’s major.
  - Students cannot TA (4030) the same course for credit more than once or take and TA the same course simultaneously. 4030 does not fulfill any requirements towards the major. Registration for 4030 may not exceed 5 credit hours per semester.

• **Students must complete 120 credits overall, exclusive of physical education and “00” courses.**

• Elective credits can be earned in Human Ecology or elsewhere.
