Total number of qualifying PAM credits: ____________________

PAM Minor
- Complete a minimum of 15 credits of PAM course work.
- Complete PAM 2300 - Introduction to Policy Analysis
- Complete at least 3 courses in PAM at the 3000 or 4000 level.

PAM Minor in Health Policy
- Complete a minimum of 15 credits total of PAM course work.
- Complete PAM 2350 – U.S. Health Care Systems
- Complete at least 3 courses from the following list of PAM courses:
  - 3110
  - 3280
  - 3570
  - 3780
  - 3870
  - 4050
  - 4070
  - 4140
  - 4280
  - 4370
  - 4380
- ***See General requirement. Alternatively, students can reach 15 total credits by taking one or more of the following 5000 levels classes:
  - PAM 5500
  - PAM 5740
  - PAM 5760
  - PAM 5900

General Requirements
- Completing requirements 2 and 3 above will not result in 15 credits, so students must select one additional PAM course. The additional PAM course may be at the 2000, 3000, or 4000 level. Some of the 3000 and 4000 level courses have prerequisites so this additional course can be used to fulfill the prerequisite if desired.***
- There can be no substitution for any of the required courses, and all of the courses must be PAM courses.
- Students must earn a grade of B- or better in every course. S/U will not be accepted unless it is the only grade option available.
- PAM Special Studies classes do not count towards a PAM minor.

Questions should be addressed to the PAM undergraduate coordinator, or Tom Evans, Director of Undergraduate Studies.
