

CPIP Internship Opportunity in Infrastructure Investing with Antin Infrastructure Partners

Antin Infrastructure Partners

14 St. George Street
London. W1S 1FE

1114 Avenue of the Americas
29th Floor, New York 10036

1. Overview

Antin overview:

Antin Infrastructure Partners is a leading independent private equity firm focused on infrastructure investments. Based in Paris, London and New York, and fully owned by its partners, the firm employs over 150 professionals. Antin targets majority stakes in infrastructure businesses in the energy and environment, telecom, transport and social infrastructure sectors. Since its founding, Antin has €19.9 billion in Assets under Management and has made investments in 28 companies.

Candidate responsibilities:

The candidate will perform the role of Analyst or Associate within the Investment Team of Antin, which involves support in the management of portfolio companies and with the analysis of new investment opportunities. Analysts and Associates at Antin are generalists and do not specialize by sector or geography. The candidate would be based in Antin's New York office.

More specifically, the role involves:

1. Active involvement in the analysis, structuring and execution of deals with a particular angle on asset evaluation/business modelling
2. Active role in designing and execution of various due diligence workstreams such as commercial, technical, financial, tax and legal
3. Identification of key risks and mitigants of investment opportunities
4. Preparation and/or review of operational and financial models, and the preparation of Investment Committee presentations
5. Support in raising debt and equity funding for new investment opportunities and portfolio companies

6. Support in management of portfolio companies, including
 - a. Ownership and update of asset management models
 - b. Participation in the analysis, design and execution of strategic initiatives
 - c. Active role in the execution of add-on acquisitions
 - d. Attendance of regular monthly and board meetings
 - e. Preparation of internal and external portfolio company reporting
7. Collaborate with, support and assist more experienced executives (Partners, Investment Directors)
8. Interaction and building relationships with management teams, investment banks and other external advisors

2. Intern hiring process

Intern's Role:

Antin expects interns to assist in the acquisition of infrastructure companies in North America and Europe. The investment process requires both the financial skills of investment banking and the strategic thinking of management consulting. As a result, this internship program is a unique experience to develop a well-rounded business mind.

Interns will work on both acquisition opportunities and management of current portfolio companies. The streamlined organisation of the investment team offers interns the opportunity to be fully part of the team, assume responsibilities and work closely with senior managers of the firm and external advisors.

Date and length:

Internships are possible anytime during the year for a period of 3-6 months in our New York office or for the summer of 2022.

Knowledge and Skills Required

Experience required:

Antin will consider both undergrad and graduate candidates for internship positions, however, previous internships or job experience in Private Equity, M&A or Corporate Finance is required.

Skills:

Applicants are expected to demonstrate:

- Strong analytical, quantitative and financial skills
- Strong work ethic and excellent attention to detail
- Proficiency across Excel / PowerPoint / Word
- Ability to prioritize and manage time efficiently
- Strong interpersonal skills and team spirit and able to work independently
